

OFFICIALS OF BIG FOUR ARE STILL WORKING

Efforts to Mediate Strike Get Back to President Monday

(By The Associated Press)
WASHINGTON, Aug. 14.—Organizations not on strike got their attempts to mediate the strike of men and other crafts in transportation service back before President Harding today and after a 10 and a half hour white house conference declared they intended to reapproach railroad officials.

L. E. Sheppard, president of the order of Railroad Conductors and firemen for the entire group, declared on leaving the white house that the striking unions would have "their case in the hands" of the president.

Mr. Sheppard, like the other union officials, refrained from specifically indicating what basis he was considering for further compromise attempts. The meeting with the president was arranged by Secretary Davis after all the union chiefs had been in one of their general executive sessions consider policy.

"It has been much the same story, we have been discussing the situation from top to bottom and now we are going to look somebody to give us help in our mediation attempts," Mr. Sheppard declared. "That means some railroad executives not so tense of their points as those we have seen. We shall talk over the matter of who might help with the union officials tomorrow."

"The situation as to local walkouts of other classes is clear. All we can talk that people have been 'marooned in the deserts' is true. Our men have taken every train into the terminals and passengers have been left at places where railroad men live. "All our discussion now relates to the fundamental rights of men to work. The railroad men are on strike. The position they are now entitled to consideration. Lots of lawyers hold with that their rights are not suspended. We've made a basketful of propositions, I can't tell you all them."

States Union Policy
Reverting to the policy of his union, Mr. Sheppard said that officers of our order are on their way to get men back at any points where walkouts are not justified. An announcement of a similar nature was made by W. G. Lee, president of the Brotherhood of Railroad Trainmen in Cleveland. Representatives of the railroad managers apparently were not involved in the continued union mediation efforts and Fairfax Harrison, president of the Southern Railway, said that his company would not attempt to seek the strike by employing men. Acting apart from all other railroads the Southern, he said, hitherto had tried "to so operate our property that our men could honorably return to work."

ASKS BROTHERHOODS TO CEASE VIOLATIONS

(By The Associated Press)
CHICAGO, Ill., Aug. 14.—A demand that the chiefs of the "Big Four" brotherhoods take steps immediately to end what is announced as the lawless and inflammatory violation of their contracts by the train service crews, the Atchison, Topeka & Santa Fe, was made tonight by G. Wells, vice-president of the A. T. & S. F.

In telegrams addressed to Arthur S. Stone, head of the engineers, D. B. Robertson of the firemen, W. G. Lee of the trainmen and E. L. Sheppard, of the conductors, he said that if they did not get their men back to work or fill their places, "they are alternative left the company its duty to the public was to place the services of men to fill the places of those on strike. "I want an explicit answer the point from you today" the message ended.

SANTA FE STRIKE CAUSES ARRESTS IN WESTERN STATES

Governor of Nevada Gets Drop on Striker Who Draws Pistol

(By The Associated Press)
SAN FRANCISCO, Aug. 14.—Strikers were arrested in Nevada and California today as a result of the rail strike and trains on the Santa Fe system which had been tied up since last Thursday were moved.

Governor Boyle of Nevada, was present at Las Vegas when 17 men were taken into custody. No charges have been filed against the men. The governor was the object of a strikers' pistol when he got the drop on the man. No shots were fired but the man was arrested. The Santa Fe started a trans-continental train eastward from Los Angeles and expected to send it thru to Chicago.

Officials at Los Angeles said the starting of the eastbound California Limited was in the nature of a test. Unusual precautions were taken to see that the locomotive and cars were in perfect conditions to obviate any assertion on the part of transportation brotherhood men that the reverse was true. There were 75 passengers aboard, mainly for mid-western points.

From Albuquerque west these officials said all their westbound trains which have been tied up at desert points were moving.

The Southern Pacific company also operated trains on its division west to the Sierra Nevada Mountains.

Embargoes on movement of perishables were unchanged during the day and California fruit growers and shippers faced a loss that grew into thousands of dollars hourly. It was said there was no way of saving the ripening fruit that should be shipped immediately.

The Union Pacific lines in Nevada particularly at Las Vegas, was the scene of shooting early today. State police with machine guns were ordered there.

Twelve additional deputy federal marshals were ordered to Roswell, N. M., where the Pacific Fruit Express maintains its icing plant. Twenty deputies have been on duty and a report to the marshal here said strikers were violating the court injunction prohibiting picketing.

The Western Pacific did not move any trains today, contending itself with conferences with the big four brotherhood men who had refused to move trains.

Travel to the Grand Canyon has ceased by the stopping of Santa Fe trains at Winslow, Ariz.

STATE HAS POWER TO SEIZE MINES BRUNDAGE SAYS

Attorney General Says State May Exercise Right of Eminent Domain

(By The Associated Press)
CHICAGO, Aug. 14.—Discussion of the powers of the general assembly if it were called into special session to consider the coal strike brought from Attorney General Brundage today a statement that in the emergency situation now threatened the state has the power to seize and operate the coal mines.

"In time of public danger and emergency," said the attorney general, "the state may exercise the power of eminent domain to the extent of seizing and operating the mines. I am of the opinion that this power, if not exercised by the legislature itself should be delegated to subject this property to the public use, designating the agencies by which the power is to be exercised and providing a definite method for compensation to the owner."

Mr. Brundage also expressed the opinion that the legislature should pass regulatory laws intended to bring about the reopening of the mines with a provision that violation of the regulation would be followed by seizure.

NATIONALS STILL HOLD CITY HALL

Dublin, Aug. 14.—The latest news received here concerning the situation at Drogheda is to the effect that the town hall is held by the nationalists who have lifted the rails on a viaduct north of the town to prevent a train with regular getting thru from Dundalk where the irregulars are now in control.

CATCHER GOES TO WHITE SOX

St. Louis, Mo., Aug. 14.—The St. Louis Fuel Committee today directed that no more fuel be distributed in St. Louis by retailers except to essential industries including refrigerating plants, hospitals, bakeries and laundries. The chamber of commerce asked St. Louisians to refrain from the time being from storing coal.

CONFERENCE ON REPARATIONS OF GERMANY BREAKS

France and England Agree to Disagree on Subject

(By The Associated Press)
LONDON, Aug. 14.—The 13th allied conference on German reparations broke down today, "agreeing to disagree" as the spokesmen for France and Great Britain put it, there having been a complete lack of unanimity on the important points discussed. From its commencement it seemed predestined to failure, according to the view expressed by close observers and they tonight are of the opinion that the failure indicates utter incapability between the policies of Great Britain and France toward Germany.

To what extent the recent note of the Earl of Balfour contributed to today's results is partly evidenced by the line of the seventh hour attempt by Signor Schanzer, the leading Italian delegate at mediation with Premier Lloyd George at Chequers Court, Sunday, when the Italian discussion of a moratorium for Germany and cognate matters, should be adjourned until after the various countries had carried out their debt funding negotiations with the United States.

Mr. Lloyd George submitted this proposition to the conference but it was supported by the other delegates. It was opposed by Premier Poincare and thereupon Mr. Lloyd George declared he was unable to agree to adjournment of the conference without a moratorium.

No Idea of New Conference.

The situation now appears to be that the conference has separated without any idea of a new conference. The British government insists upon a moratorium any further negotiations.

M. Poincare resolutely refuses a moratorium unless it is accompanied by what he calls "guarantees."

The English of the situation as between England and France saw no other outcome from the first. They held that M. Poincare feared his parliament.

This was almost the first occasion on which the delegates "agreed to disagree."

The situation is considered all the more serious viewing the continuous fall in the mark and the fact that nothing has been decided upon except a temporary suspension of the reparation payment due by Germany tomorrow. The whole question is again thrown into the hands of the reparation commission and tonight neither from the French nor the British delegates could anything be gleaned concerning the next step.

MANY HORSES AT BELMONT PARK

Philadelphia, Pa., Aug. 14.—Nearly 200 horses will compete for purses totaling \$22,000 in the four day grand circuit meeting at the old Belmont Driving park beginning tomorrow. The opening day's events include the Mathews stake for 2:07 trotters, the Adeline stake for 2:10 pacers and the Dierksen stake for 2:15 trotters. In each of which a purse of \$1,000 is offered. In addition there will be a dash race of one mile for 2:24 trotters for a \$500 purse.

FUNERAL SERVICES AWAIT WIFE'S ARRIVAL

Chicago, Aug. 14.—Funeral services for Levy Mayer, noted Chicago lawyer, who was found dead in his hotel room today, will await the return of Mrs. Mayer, who with her daughter Mrs. Walter Hirsch of New York is in Paris. She was notified of his death at once and was expected to arrive in Chicago in about two weeks. After a conference of physicians it was announced that death was caused by cerebral hemorrhage.

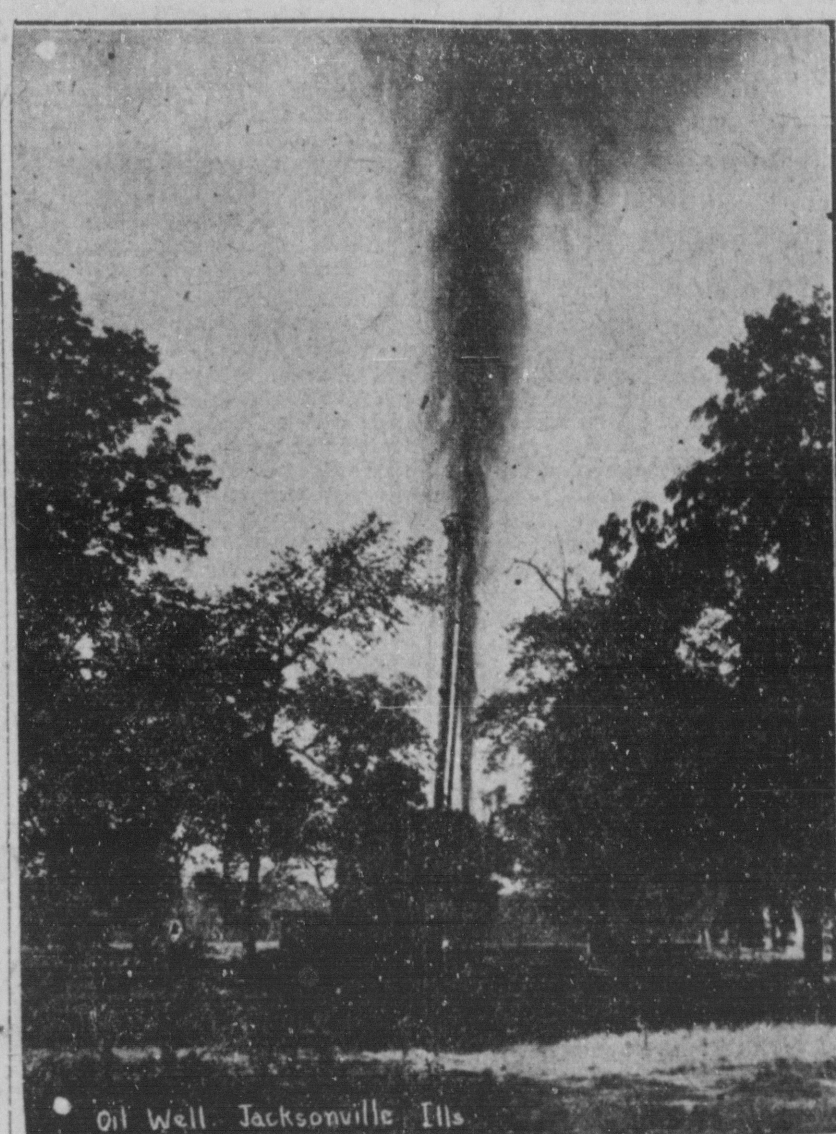

COAL PRODUCTION WILL BE REDUCED

Knoxville, Tenn., Aug. 14.—Coal production in eastern Kentucky fields will be reduced by approximately 1,200 cars daily as a result of walkout by trainmen on the Cumberland Valley division of the Louisville & Nashville railroad today, according to a statement by the Southern Appalachian Operators' association. Almost 300 mines are located on this division which extends from Corbin, Ky., to Norton, Va. Union mines on these fields have been working under separate wage agreements.

CONDUCTORS TO JOIN IN STRIKE

Prescott, Ariz., Aug. 14.—Thirty five members of the Brotherhood of Railroad Conductors on the Atchison, Topeka & Santa Fe railroad have been instructed to join the other brotherhoods in their walkout, it was announced today. P. L. Turner, chairman of the local union declared that the instructions had come from the organization headquarters at Cedar Rapids, Iowa.

OIL WELL SHOT ON MAHON FARM MONDAY EVENING

Farmer Calls Upon Capital and Labor To Quit Bickering

LEESBURG, Va., Aug. 14.—The farmer "calls upon capital and labor to cease their petty bickerings and resume production trusting to American institutions and the American sense of fair play to see that justice is done to both of them." Secretary Wallace of the Department of Agriculture declared in an address today before the local farm bureau.

Mr. Wallace presented comparative figures to show that the purchasing power of the farmers' dollar had decreased sharply since 1913, "while the wages of the workman and especially in organized industries are considerably higher than they were before the war, whether measured in dollars and cents or in purchasing power."

"The purchasing power of the wages of the railway employe in 1921," he continued was 51 percent greater than in 1913. The purchasing power of the wages of the coal miner in 1921 was 39 percent greater than in 1913. The purchasing power of the farm hand who works for wages in 1921 was four percent less than in 1913, while the purchasing power of the farmer was on an average from 25 to 45 percent less than in 1913."

"In short," Mr. Wallace emphasized, "the farmers of the country numbering almost one third of our entire population have borne altogether the heaviest burden of deflation. They have endeavored to get relief by all lawful means. They have appealed to every agency which they thought might be able to help them but while making these efforts to avoid their heavy losses they have not struck. They have kept on producing and in the face of very extraordinary low prices have this year grown one of the largest crops in our entire history. The farmer believes in law and order. He believes in working hard and producing efficiently."

BLOOMINGTON WOMAN PERHAPS FATALLY SHOT

(By The Associated Press)
BLOOMINGTON, Aug. 14.—Mrs. Viola Ogan, Normal was shot at 8:45 o'clock tonight while driving in an automobile on Seminary avenue just north of the Chicago & Alton shops. Mrs. Ogan was in a critical condition tonight at Brokaw hospital where she was taken for an operation.

Major W. R. Davis of Carbonate, in charge of the troops refused to give out any information tonight in connection with the shooting other than an investigation was being made. Roy Ogan brother-in-law of the wounded woman was driving the car. He said he is not a striker and could see no possible motive for the shooting. He declared that no words were exchanged with the group of soldiers when the automobile passed them. Suddenly he said a shot rang out after the soldiers had been passed. The bullet tore thru the rear part of the automobile and caused an ugly gash in the flesh. It entered the woman's back barely missing the spine.

Mrs. Ogan was hurried immediately to Brokaw hospital. At the hospital she was taken at once to an operating room where the bullet was extracted.

The wounded woman was out driving with her brother-in-law in company with some other friends when shot. She is a widow.

ILLINOIS MINERS DEMAND REMOVAL OF FARRINGTON

West Frankfort Local Sends Message to President Lewis

(By The Associated Press)
WEST FRANKFORT, Ill., Aug. 14.—President John Lewis of the United Mine Workers this afternoon telegraphed local miners that their demand for the removal of Frank Farrington as president of the Illinois miners because of his action favoring separate wage agreement would be given "due consideration."

Shortly before Mr. Lewis' telegram was received a large mass meeting of miners at Johnston City, near here adopted a resolution demanding that Mr. Farrington resign, or "immediately will take steps to have him removed."

Emphasizing there would be no acceptance of arbitration Mr. Lewis declared the miners had won their fight against wage reductions adding that "additional cooperation from some quarters is what is required."

Wants Demands Ignored

HARRISBURG, Ill., Aug. 14.—Officials of the United Mine Workers were urged to ignore demands of Frank Farrington, president of the Illinois miners for separate wage agreements and to demand removal of all engineers and pumpmen from mines not represented at the Cleveland conference in a resolution adopted at a mass meeting of Saline county miners today.

SITUATION THIS WINTER WILL TRY U. S. PATRIOTISM

Cites it as Further Reason Against Enactment of Soldier Bonus

(By The Associated Press)
WASHINGTON, Aug. 14.—The rail and coal strikes will bring about a situation this coming winter that will try the patience, courage and patriotism of the people, Senator Borah declared today in a statement. This situation was pointed to by Mr. Borah who is chairman of the senate labor committee as a further reason against enactment of the soldier bonus bill which under present plans is to be called up in the senate next week.

"The situation in the industrial world is very serious more discouraging than when the president came before congress in July 1921, and asked that the bonus bill for economic and financial be postponed," he said. "The situation startles anyone who stops to think about it and who knows the real situation."

The outlook for the settlement of these matters is not very encouraging. But if they were settled this week, still the damage, the injury to business and the disturbing effect upon business could prevent heavy losses to the farmers, fruit growers and potato growers of the west, by reason of the difficulty superimposed in getting cars to move their crops, especially such crops as fruit and potatoes."

EIGHTEEN CARS OF COAL BURNED AT SPARTA

Sparta, Ill., Aug. 14.—The crews of three trains carrying coal from non-union fields of Kentucky were held up by between 25 and 30 men, reported to be striking miners at Percy near here last Saturday and were forced to uncouple and sidetrack 18 cars of coal it became known tonight.

The waste in the boxes of the cars was ignited and the coal caught fire and burned yesterday. All the axle boxes were burned out and the cars will have to be repaired before being able to run again, railroad men say. An estimate of the damage was not available.

It was announced at the divisional office of the Mobile & Ohio railroad at Murphysboro that no more coal cars would be routed north of that place until the train crews were afforded protection.

THOUSANDS VIEW BODY OF GRIFFITH

Dublin, Aug. 14.—Thousands of his fellow countrymen, who whose freedom he fought, for whose emancipation he gave his life, today viewed the body of Arthur Griffith as it lay in state in the city hall today directly under the statue of Parnell, whose uplifted arm seemed to be raised in benediction. Griffith lived to see the promised land of Irish freedom, but was not fated to enter it; Parnell was cut down with his work unfinished.

WILL NOT WALK OUT

Needles, Calif., Aug. 14.—Members of the Brotherhood of Railway Clerks employed by the Santa Fe at Needles voted tonight not to walk out until there is some other cause than hazard due to defective equipment and presence of guards.

LORD NORTHCLIFFE PASSED AWAY MONDAY

(By The Associated Press)
LONDON, Aug. 14.—Lord Northcliffe, Great Britain's leading publisher passed peacefully away early this morning after an illness of about two months.

Death was due to infections or ulcerative endocarditis, which according to one of the physicians in attendance probably began insidiously months ago probably during his trip around the world.

Lord Northcliffe was stricken in Cologne, while he was making a trip incognito thru Germany. Although he was aware of the mysteriousness of his illness he battled gamely to regain his health. The news of the death of Lord Northcliffe did not come as a surprise for during the past several weeks the bulletins issued by his physicians altho skillfully worded had failed to hold out hope for his recovery. Nevertheless his passing has caused universal sorrow and messages of sympathy have poured into his widow all day from all parts of the world.

German Papers Denounce Northcliffe

BERLIN, Aug. 14.—The German newspapers, commenting on the death of Viscount Northcliffe are outspoken in their condemnation of the man, as the Allgemeine Zeitung designates him, "who organized the campaign of German baiting throat the world." This paper charges that he systematically built up a world coalition against Germany.

Viscount Northcliffe's genius as an organizer is amply recognized in the German editorial opinions altho some of the Berlin papers express the belief that his influence on the press of England proved demoralizing.

BRYAM ASKS FOR MEN'S PROTECTION

(By The Associated Press)
CHICAGO, Aug. 14.—An appeal for protection in which it was charged that the rail strike situation at Channing, Mich. was very critical as a result of repeated acts of violence, the kidnapping of non-union employes, was sent to Governor Groesbeck of Michigan today by H. E. Byram, president of the Chicago, Milwaukee and St. Paul railway.

"For the past two days strikers ambushed in bush and swamp have been shooting into bunk cars, trains, despatcher office, round houses and outbuildings," the telegram declared.

The message also recounted such alleged occurrences as the stoning and rotten eggging of the road's workers and threatening of their families, the running of employes out of town and burning of a car foreman's house and garage. Every effort has been made by our officials to reach an agreement with leaders to operate our trains but without success the telegram stated. Their last word is that their instructions were to tie up our railroads and suspend all operations at the terminal.

The danger of outbreaks, according to railway officials exists only in iron ore country of the Michigan Peninsula and no passenger trains are involved.

FITZGERALD AERIAL DAREDEVIL OF CONGRESS

Washington, Aug. 14.—Representative Fitzgerald of Ohio, qualified here today as an aerial daredevil of congress by flying the five hundred odd miles from McCook Field, Dayton, to Bolling Field, to be on hand for the reconvening of the house tomorrow. The flight was made in a little over four hours with stop at Moundsville, W. Va. The machine was piloted by Lieutenant Harold Harris of McCook Field, altho Fitzgerald is a licensed pilot.

WOMEN AND CHILDREN ARE HELD PRISONERS.

Las Vegas, Nev., Aug. 14.—Approximately 150 men, women and children are held virtual prisoners in the Union Pacific stockade here and strikers of the shop crafts unions and railroad brotherhood are maintaining a picket force preventing the sending of supplies to them. Meanwhile peace officers are awaiting the arrival of members of the state police force which have been ordered here by Governor Boyle and who are bringing machine guns.

CONFERENCE AT CLEVELAND HAS BROUGHT RESULTS

Believe Action Has Virtually Broken Soft Coal Strike

(By The Associated Press)
CLEVELAND, O., Aug. 14.—The soft coal strike was virtually broken tonight, but prospects were that actual signing of an agreement between the United Mine Workers and operators controlling an annual output of 80,000,000 tons would be delayed until tomorrow. The signing of the contract will actually end the strike in part.

All details of the agreement were accepted in principle by both miners and operators and the actual draft of the contract was left to a sub-committee which continued its work into the night. The actual signing of the contract President John L. Lewis of the miners said is expected to follow a meeting tomorrow of the union's policy committee.

As a result of the progress made tonight by operators and miners, Governor Harry L. Davis of Ohio, announced he would call off the conference of governors of five coal producing states that was to have been held here. He also announced that he would withdraw Ohio militiamen in the coal field.

No exact estimate of the number of miners who will be put back to work under the settlement was obtainable but they were believed to number between 40,000 and 75,000 men. Altogether there are 450,000 soft coal miners on strike, union officials said. It is expected by them that the other operators will accept the settlement affected here; meanwhile the strike will continue at their mines.

The terms of the settlement mark a breakdown in the system of collective bargaining that has grown up in the soft coal industry since 1884. It means the abandonment of the present at least of the central competitive field, comprising Western Pennsylvania, Ohio, Indiana and Illinois as the basis for figuring wages in fields outside of the four states.

In the past wage contracts have been made for the central field and those of outlying districts have been fixed on the central field scale.

This is not the first time that the wage making machinery on the central field basis has been broken down. It failed in 1906 and was not fully re-established until 1910.

The new plan of settlement is a fundamental change in the policy of the United Mine Workers and for that reason the union policy committee of 128 members was called to meet tomorrow to pass on it.

SENATE MOVES FAST ON TARIFF MEASURE

(By The Associated Press)
WASHINGTON, Aug. 14.—With few exceptions committee amendments in the sundries schedule and in the free list to the tariff bill were disposed of today by the senate, which drove forward rapidly under the impetus of having to pass upon remaining committee amendments tomorrow.

Only a few contests developed and at times the work moved forward so swiftly that those in charge of the measure and leaders of the minority opponents had to call a halt so they might catch up. There were only a few roll calls, most of the amendments being agreed to without objection.

Senator Broussard, Louisiana, lost his fight to remove from the free list "black strap" molasses used in the manufacture of catch feeds.

There was a tie vote one to one on one committee proposal of a 50 percent tax on umbrellas, parasols and sunshades. A Chairman McCumber of the finance committee and Senator Robinson, Democrat, Arkansas, who were the opponents in the matter compromised on a duty of 40 percent. Mr. Robinson first urged 35 percent.

A THOUGHT

I will instruct thee and teach thee in the way which thou shalt go; I will guide thee with mine eye.—Psalm 32:8.

WE need only obey. There is guidance for each of us and by lowly listening we shall hear the right word.—R. W. Emerson.

At any rate, Dr. Wheeler as an independent candidate for the senate has added interest to the campaign in this district.

The wonder has been that Mr. Miller did not resign his state position and thus relieve the government of the necessity of removing him.

They say that if a good rain falls this week that a heavy crop in Morgan county will be assured. Farmers should take courage and remember that Mr. Bryan is coming to the chautauqua Wednesday. In the past visits of the Peerless Orator here have rarely failed to bring rain.

President Lewis of the Mine Workers is opposed to arbitration but favors the appointment of a fact finding commission, composed of miners and operators. The facts show a commission would find the just about as valuable as a spoonful of sugar and water in a case of typhoid fever.

The managers of the largest vaudeville circuits in the country have adopted rules prohibiting the use of jokes about the 18th

BERTON BRALEY'S DAILY POEM

Modern Wife

By Berton Braley

SHE doesn't darn her husband's socks or mend her husband's clothes. The thought of washing dishes is a thought she deeply loathes; She loves dance and frivol and her gowns are very smart. She's an excellent example of the modiste's cunning art. She wants the best of everything and nearly always gets it; It makes her husband hustie, but it's seldom he regrets it. For she pushes him and drives him through the struggle and the stress. Till his feet are firmly planted on the highway of success.

SHE keeps her youthful figure and retains her youthful pep. And her husband has to hurry if he wants to keep in step; She isn't a household drudge, she doesn't do the wash. And when folks talk of "settling down" she gaily answers "Bosh!" But—she knows her husband's business and the ins and outs thereof. She's a helpmate and a partner who can THINK as well as love. And she lifts him and she spurs him and she fills him full of verve. And she keeps him young as she is—young in body, brain and nerve.

SHE'S no slave to home or children, but the "good old-fashioned wife" Never raised up better offspring in her dull and humdrum life. Look 'em over, doubting critics, at their study or their play. They can knock the spots off youngsters raised the "good old-fashioned way." And the Modern Wife adores them, but she doesn't prove the fact. By forever interfering with the way they think and act. She is more a pal than parent, she's her husband's buddy, too. She's a first-class wife and mother and a Sportsman, through and through.

SIDEWALKS THEME AT COUNCIL SESSION

Bids Received For Construction Work on Five Streets—Ordinances Read For Additional Walks—Warning Sounded About Finances.

A brief meeting of the city council was held Monday night with Mayor Crabtree, City Clerk Scott and Alderman Sorrells, Chaplin, Ehnie, Loneragan, Flynn and McGinnis present. The bid of Otis Hoffman was opened for the construction of sidewalks for which the city has been advertising. The bids were as follows: Lurton street, 18c; Chambers street 19c; Allen avenue, East Volcott street and West Morgan street 18c. The bids were referred to the public improvement committee.

New ordinances were presented for sidewalks on certain streets: The south side of Center street, East Lafayette avenue from Sheridan to Howe street; East Independence avenue, north side from the C. P. & St. L. tracks to Hooker street; Hackett avenue, both sides from Independence avenue to Walnut street.

Alderman Sorrells reported progress being made with reference to side walk projects which have already been considered. Statements with reference to the financial condition of the city were made by Mayor Crabtree, Alderman Loneragan and Alderman Sorrells. It was made clear that during the last five months of the year because of unusual but necessary expenses the city is going to be in a hard way and the greatest economy possible was urged.

Complaint was made of the manner the Jacksonville Railway & Light Co. is following in the laying of a main inside the curb on Jordan street. The company will be asked to do the work in a way which will not endanger the curb and gutter.

C. W. Thatcher of the Standard Paving Co. was present and said that this far they had been fortunate in the receipt of supplies. However, there has been some small delay in the matter of cement. Mr. Thatcher said that he is expecting to place the mixing plant this week and unless there is some unexpected delay in the receipt of some further shipments that the laying of concrete can begin next week.

AGED SCOTT COUNTY RESIDENT IS DEAD

Mrs. Anton Bentler Passed Away Suddenly Monday at Home West of Merritt—Other News From Winchester and Scott County.

Winchester, Aug. 14.—Many will be shocked to learn of the death of Mrs. Anton Bentler, which occurred about noon Monday at the family home two miles and a half west of Merritt. The deceased had been in poor health for a considerable period but was up and about as usual Monday Morning. However, she became suddenly ill during the morning and her death came at the hour indicated.

Mrs. Bentler was eighty four years of age at the time of her death and had spent practically all of her life in Scott county. She was a member of the Catholic church and was devoted in her manner of life. She had many friends in the community in which she had lived for so many years, and her death will be mourned by many.

Surviving are the aged husband and the following children: Miss Pauline Bentler and Arthur Bentler, both living at home; Mrs. Koch of St. Louis, Joseph and Hugo Bentler of Ohio; John Bentler of St. Louis. There is also one granddaughter, Miss Anna Bentler, who has made her home with her grandmother.

Arrangements for the funeral have not been completed pending the arrival of the children.

Funeral of Mrs. Boes
The funeral of the late Mrs. Henry Boes was conducted from the Methodist church at 2:30 o'clock Monday afternoon. A large number of relatives and friends were present to pay a last tribute of respect to the deceased, who was well known in the community in which she had spent practically her entire life.

The services were in charge of Rev. Carl Corrie and members of the church choir furnished the music. The flowers were in charge of Misses Marguerite Hamilton, Amelia Balke, Lulu Boes, Edith Simmons, Freda Balke and Anna Balke.

Interment was made in Winchester cemetery, and the bearers were Edward Gregory, William Buckmyer, Homer Schneider, Elmer Schneider, Frank Schneider and Howard Koch.

News Notes
D. D. Watt, daughter, Miss Margaret and sons Thomas and Allen, motored to Chicago Monday for a week's visit.

Ernest Glossop of Tulsa, Okla., is here for a vacation visit with his parents.

George Mader arrived Monday morning from Canton, Ohio, for a two weeks' vacation visit with home folks.

Mrs. R. K. Knox and little daughter of Cape Girardeau, Mo., are guests of Dr. and Mrs. B. F. Webster and other relatives.

Mrs. Warren Watt returned home Sunday with her daughter Bernice, who underwent an operation at Jacksonville a few days ago for the removal of tonsils and adenoids. She is improving in a satisfactory manner.

Rev. and Mrs. Carl Corrie returned home Friday from Jacksonville with their little daughter Ruth, who recently underwent an operation for the removal of her tonsils. The little girl is now making satisfactory progress toward recovery.

An error was made in Sunday's Journal in stating that the Ralph Thompson Co. furnished the attractions at the carnival given for the benefit of the Firemen's association. Mr. Thomas was one of those who had a display booth at the carnival.

MAKING PLANS NOW FOR 1923 CHAUTAUQUA

STATEMENT PRESENTED AT MONDAY NIGHT SESSION

Attendance Sunday Exceeded Previous Record Except In War Times—Fine Programs Given.

Tuesday, August 15

—O—

Morning—11:00 o'clock
Lecture, "The Call of the Common Place"—Chas. A. Gage.

Afternoon—2:15 o'clock
Concert, The Nettle Family, Musical Entertainers.
Lecture, "You Americans"—Ada Ward.

Evening—7:30 o'clock
Concert, The Nettle Family, Musical Entertainers.
Jessie Rae Taylor, Characterist.

Subscriptions for tickets for the chautauqua assembly of 1923 will be made today at the chautauqua. Announcement of the general facts about the chautauqua for next year were made last night by Frank J. Heintz, president of the association. To maintain the standard of the assembly 3,000 tickets should be subscribed and the price will be \$2.50 each, the same as last year. People were urged to make volunteer subscriptions. The attendance Sunday was the largest of any first Sunday in the history of the chautauqua except on the date that Private Pete gave his address.

The address by Mr. H. M. Lichter Monday night attracted more than ordinary interest. Dr. Lichter, who is pastor of the Congregational church in Newton, Mass., had for his theme, "Last Haply We Drift." The thought was that the church of today cannot follow just the old lines of thought and activity if it is to succeed and to meet present day needs.

Some of the arguments presented would be likely to develop differences of opinion at a ministerial meeting, but were heard with evident interest last night, and the suggestions were frequently applauded. Notwithstanding the hot weather Sunday the attendance was large at the chautauqua assembly and interest was maintained throughout the day's program. The same was true on Monday and the attendance was fully up to the record.

Sunday school was held at 10 o'clock Sunday morning under direction of Luther Wiley, as superintendent, and at the church service a sermon was delivered by Rev. H. A. Sherman of Franklin.

In the afternoon Morgan's Rainbow Division band gave a concert program which was fully up to the high standard set last year by this famous musical organization.

The address of the afternoon was by Rev. John G. Benson, of New York City, pastor of the Travelers church there, who had for his theme "Policing Jericho's Road."

Dr. Benson has won a national name thru the successful conduct of the Travelers church, located only a few steps from Broadway in New York. He has really built up an institution there and has a corps of 15 assistants, including physicians, psychologists and general workers. Persons who have attempted suicide frequently come under his care and the same is true of girls who leave homes in the states and go to the great city expecting to become prominent on the stage or in the movie world.

The speaker said that too often the church of today fails in its mission and that the time is past when a church is to be opened once or twice a week for the mere gathering of saints who do not need religious influence. He said that too often the church, like some individual parents, stresses things that must not be done instead of guiding toward things to do. The effect of such procedure, he said, is to put into the minds of young people the doing of the very things that we do not want them to do.

In the evening "The Women and Children of India" furnished the theme of Victor Lahibaksh, who has spent a number of months in the U. S. and expects at no time to return to his work in India. Mr. Lahibaksh was for some years a student at Illinois Wesleyan university and is known to a great many people in Central Illinois.

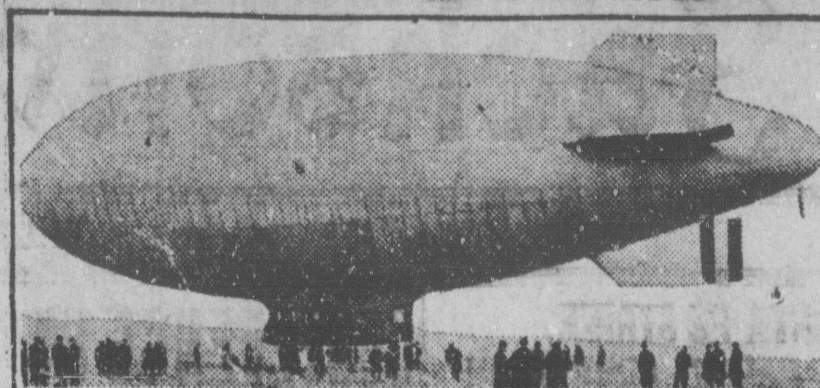

In India he directs the Y. M. C. A. work in a wide area and has a large number of secretaries who report to him. His long residence in India has given him familiarity with the customs, manners and people and his Sunday night address was full of interesting information.

The Morgan band gave another concert program which the audience found in every way delightful. Monday morning Dr. Gage gave another in his series of excellent lectures, using "The Milestones on the Road" as his theme. In the afternoon the Morgan band gave another program and afterward Dr. Gage gave an address on "A Flaming Arrow," discussing in an eloquent way a subject of vital present day interest.

At the evening hour following the concert program for the Morgan band the financial statement of the chautauqua was presented by President Heintz and announced made with reference to this 1923 chautauqua.

Mr. M. H. Lichter made the evening address and had for his theme "The Creed of an Uplifter." Mr. Lichter appeared on the program last year and for the second time held the earnest attention of

his Morgan county audience. He is a speaker of unusual power and a lively vein of humor runs thru his presentation of a serious question.

THE DEATH OF MR. CATLIN

A letter received yesterday by Miss Lucy Catlin from Washington, D. C., brought facts about the recent death of her uncle, Charles H. Catlin, who died in a monastery there August 5. Mr. Catlin's death was due to heart trouble, associated with a dropsical condition. Interment took place in Washington, Monday, August 7.

Mr. Catlin was born Oct. 19, 1852, and had lived until next October would have been 70 years of age. Practically all of his life was spent here in Jacksonville, altho for two years he was resident in Los Angeles. He was the youngest son of Willys C. and Eliza Catlin, prominent among the earlier residents of Jacksonville. He attended the district school which stood on the site of the present high school and afterward entered business life in the Catlin book store.

In later years he became a part owner of the store in conjunction with his sister, Miss Margaret. They continued in the management of the store until the business was sold in 1898. It was then that Mr. Catlin went to California for a two year period and returning to the city of his birth became a professional nurse. Prior to that time he had often done voluntary nursing service, assisting at Passavant hospital in any time of special need of stress.

At the time of the Literberry cyclone he rendered special service for a number of days to persons injured by that terrific storm. At other times he performed similar work. It was characteristic of the man to give his services at times when the need was greatest. He was characteristically gentle and unostentatious, and his help was always freely given.

The many Jacksonville people who remember Mr. Catlin will always think of him as a man who was genuinely forgetful of himself in his desire to serve others. It was in 1917 that he went to Washington, D. C., and was stationed in a monastery there until the time of his death.

The nearest surviving relatives are the nieces, Miss Lucy Catlin, of this city; Miss Mabel Catlin and Mrs. Allen King of Seattle, Wash. They are the only remaining members of a family honored thru many years of Jacksonville history.

"The Truthful Liar"

Although David Haggard and his wife, Tess, love each other, they have few tastes in common. Haggard is engrossed in his engineering projects while Tess, being fond of society, finding her husband frequently absent from home goes out a great deal. Arthur Sinclair has grown up with Tess, and although Haggard treats him with contempt, Tess finds him an excellent companion.

Tess prevails upon Sinclair to accompany her to the Metropolitan Club, a fashionable gambling house. The place is raided by gunmen and Tess is robbed of her jewels, while Sinclair is slightly wounded. She takes him to his boarding house where she attracts the attention of a blackmailing maid. Haggard returns home and observes Tess' rings are missing. She lies about the matter and later is exposed when the police show her a lot of jewels for identification. Haggard is enraged when he learns the truth and orders Sinclair out of his house.

Tess writes a letter to Sinclair in which she says some pungent things about her husband. This falls into the hands of the dishonest housemaid. When Haggard apologizes to Tess and wishes to make peace, she seeks to discover the letter she had written. But the letter has been bought by Frank Potts, a political crook, who offers to return the letter to Sinclair for \$15,000. He tells Tess who goes to Potts' office with \$7,000. Potts refuses to sell the letter for that amount and then tries to rob Tess who defends herself vigorously. Arthur arrives as Tess leaves hurriedly and he has a talk with the crook. He leaves and a few minutes later, a detective arrives to arrest Potts and finds his body with a stab wound in the neck.

The trail leads to the home of Tess and the police conduct an inquiry. The incriminating letter comes to light and falls into Haggard's hands. But the murder, it develops, was the work of Vanetti, an old-time enemy of Potts'. Haggard tears up Tess' letter unread and they are reunited on a basis of mutual understanding.

RESIDENT OF CITY DIES IN CLINTON

Mrs. Mary A. Carroll Passed Away Sunday at Home of Son—Was Mother of Mrs. E. A. Brennan and Mrs. J. N. Kennedy.

The death of Mrs. Mary A. Carroll came at 1 o'clock Sunday afternoon at the home of her son, C. C. Carroll, in Clinton, Ill. Mrs. Carroll left this city a few weeks ago for a visit in Clinton, where she was taken suddenly ill. Her condition grew gradually worse until the end came at the hour indicated.

Mrs. Carroll was seventy-three years of age at the time of her death and had been a resident of this city for a number of years. She had for some time made her home with her daughter, Mrs. E. A. Brennan, at the Pacific Hotel.

Surviving are two daughters, Mrs. Brennan and Mrs. John N. Kennedy of this city; two sons, William H. Carroll of Springfield, and C. C. Carroll of Clinton. One sister, Mrs. Edmund O'Meara also survives.

Mrs. Carroll was a woman of many fine traits of character and while devoted to her home and family circle she also maintained an interest in the welfare of her friends. She was a member of the Church of Our Savior and lived a devout Christian life.

The remains were brought to this city Monday evening and were taken to the Pacific Hotel. The funeral will be held at 8 o'clock Wednesday morning from the Church of Our Savior.

URGE PEOPLE NOT TO BUY ELK TEETH

Department of Agriculture Fears
 Elk Will Be Extirminated By
 Hunters Who Kill Animals for
 Teeth.

WASHINGTON.—(By The Associated Press.)—Don't buy Elk teeth for watch charms, stick pins or other ornaments, is the plea of the Department of Agriculture, for the price of each pair of such teeth is the life of a member of the country's small and fast diminishing herds.

They are very pretty ornaments and for many years have been used by Indians, especially the squaws, for that purpose; but the difference is that the Indians used not only the teeth from animals slaughtered, but used them for food and their hides, while the white man kills the elk, extracts the two teeth and wastes the rest.

Thousands of bull elk have been killed in the Yellowstone Park region by hunters who illegally poach upon the government preserves, and, despite the vigilance of rangers and guards, shoot down the elk in all seasons, merely for the teeth. The fashion of wearing these bits of bone as watch charms, cuff links, stick pins, and hat pins has been steadily growing as the once vast herds of elk dwindle and vanish and are threatened with entire extinction, according to the Biological survey. The hunters receive high prices for the teeth.

A few years ago the wearing of cigarettes for hat trimming threatened the annihilation of one of our most beautiful birds, but thru aroused public opinion a halt was caused in time to save the birds. Unless the market for elk teeth is curbed before it is too late, it is declared, it will mean the extermination of our elk, the most magnificent of deer. A fuller understanding of the history and price paid for elk teeth will have an influence in depreciating the market and thus removing the incentive for the wanton slaughter, the Department feels.

Know Your Car?

Ultimately owners will be able to indicate when the unusual sounds come from.

It is not necessary to learn how to eliminate correct the trouble. Professional mechanics are in better position to suggest the method of repair. It is necessary for the driver to know when something is wrong and about where and how important the something is.

Study your car—Be fair to it, yourself, and the people who try to help you.

Your trouble and complaint of service will soon vanish. Cooperation will get you more than abuse.

WORKING GIRLS LOOK HERE

Read what Mrs. Lucas Writes Concerning Her Troubles, which May be Just Like Yours

St. Louis, Mo.—"I had troubles that all women are apt to have, with pains in my back, weak, tired, nervous feelings and a weak stomach. I had been this way about a year and was unable to work or stand on my feet for any length of time. My husband's aunt told me how much good Lydia E. Pinkham's Vegetable Compound had done her and begged me to try it, so I did. All my pains and weakness are gone, my stomach is all right and I do my work at home and also work for Swift's Packing Company. I recommend your Vegetable Compound to my friends and you may publish my letter as a testimonial." — Mrs. LULU LUCAS, 719A Vandeventer St., St. Louis, Mo.

Again and again one woman tells another of the merit of Lydia E. Pinkham's Vegetable Compound.

You who work must keep yourself strong and well. You can't know if you are suffering from such troubles. Mrs. Lucas couldn't. She tried our Vegetable Compound and her letter tells you what it did for her. Give it a fair trial now.

AUTO TIRE CHAINS

ARE ON DISPLAY
Auto tire chains made by the firm of Arundel, Houston and McNamara were displayed in the Chamber of Commerce rooms yesterday and today and have met with much favor. The chains are made in this city and are much heavier and of finer material than the ordinary chains that are now on the market. They are equipped with a patented hook which is a feature of the new product. As yet the firm are producing but a few sets a day but the fact that they are sold much cheaper than the standard chains promises that the firm will grow into a much larger business before the end of the season. The securing of corporation papers with the sale of a small amount of stock in order to install more machinery is being contemplated for immediate action.

STORES WILL BE ASKED TO CLOSE

Commercial Division of Chamber of Commerce Make Request to Honor W. J. Bryan Tomorrow—Other Matters Also Discussed

All stores will be asked to close for Bryan Day. This was decided upon at the meeting of the commercial division of the Chamber of Commerce, held last night in the chamber rooms. President C. J. Bahrer presided and a majority of the directors were present.

Committees were selected to ask the business men to honor William Jennings Bryan by closing their stores from two o'clock until four thirty on Wednesday, August 16th, and at the same time permitting their employees and themselves to hear Mr. Bryan's address.

Other matters that came before this meeting were the appointment of a committee to meet with the city council with the end in view of having an ordinance passed creating a peddler's zone. Another committee was appointed to stage an automobile day. The date of this will be in the early part of October. Prizes will be offered for the worst looking car, the car that comes the furthest distance, and the car that has the greatest number of people in it. There will also be slow Ford races around the square and other novel stunts.

A final report of the inter-city tour committee was given by Chairman W. A. Berryman, showing a total expense of one hundred and seventeen dollars and thirty-eight cents which was covered by the donations that had been made by the Chamber of Commerce and the Morgan county Fair Association. Plans for making the second half of the inter-city tour are under way and it is hoped to stage this the early part of September.

OIL WELL MAKES GOOD SHOWING

Nitroglycerin Shot Fired Monday Night After Many Delays—Flow is Stronger Than From Wells Previously Sunk.

The well on the Mahon farm east of Jacksonville was shot about 7:45 o'clock Monday night. Oil spray was thrown into the air a great height and nearby trees were covered with the oil spray. Hundreds of people were on hand to witness the "shooting" and it proved a worth while sight. Immediately afterward the well was covered and the operators and workmen returned to Jacksonville.

Those who saw the well shot and examined it afterward believe that it is at least 25 or 30 barrel size. Evidently it is a considerably stronger well than those previously put down on the Mahon farm. Just what it will flow cannot be determined for several days. Today the well will be cleaned out and the casing restored to the proper position. Indications are that the well is of commercial size and that the finding made will justify the sinking of other wells.

Messrs. Rhodes and Moorehead have been in hard luck with this well, for conditions over which they had no control resulted in numerous delays and consequently large expense. Yesterday it was confidently expected that the well would be shot at 1 o'clock, but certain difficulties were met which delayed the operation for more than six hours. This is but one of a series of happenings in the last two weeks and this one well has cost the operators at least two or three times as much as is ordinarily true of a well of equal depth.

A noon dinner was given Sunday in honor of the birthday of Fred Lambert of that village. Twenty friends and relatives helped the gentleman celebrate the day in an effective way. The guests were: Mr. and Mrs. E. E. Beattall and family, and Dorothy and Dick Lambert, who have been visiting them, and Mrs. George Belzer and family went from Jacksonville. Several guests came from Springfield, among them: Mr. and Mrs. James D. Finnessey and Junior, Mrs. Finnessey and Junior returned to Jacksonville with her parents, Mr. and Mrs. Beattall, for a short visit.

Birthday Party For Mrs. Coffman

The birthday of Mrs. Harriett Coffman was celebrated at her home northeast of the city Sunday in a fitting manner. Several local and out-of-town friends and relatives gathered at the Coffman farm and partook of the delicious foods that were offered. After the dinner the time was spent in visiting. The guests were: Mr. and Mrs. George Coffman and son; Mr. and Mrs. J. H. Coffman, of Springfield; Mr. and Mrs. Joseph DeFrates and family; Mr. and Mrs. John Servance and family; Mrs. Lydia North and son; Mr. and Mrs. Jess Tribble and family; Mr. and Mrs. Raymond Massey and daughter; Miss Harriett A. Coffman and James DeFrates, of LaPorte, Ind.

Birthday Party For Mrs. Martha Birdsall

Mrs. Bertha Birdsall was given a very pleasant surprise recently at the home of her brother, John Friend, northeast of the city. The affair was in honor of the birthday of Mrs. Birdsall and a company of 24 relatives and friends gathered to make the day memorable. At 12 o'clock a splendid dinner was served by Mrs. Friend, the menu including fried chicken, mashed potatoes, salads and various other good things to eat. In the afternoon refreshments of ice cream and cake and watermelon were served.

The company included Mrs. Ernest Birdsall and three children Ethel, Lucille and LeRoy; Mrs. Daisy Lomelino and children, Leona, David, George and Carl; Mr. and Mrs. T. R. Birdsall, John Birdsall, Mrs. Anna Angelo of Winchester; Mr. and Mrs. George Birdsall of Chicago; Mrs. Charlotte Dollison and children, Elizabeth and Bud of Chicago; Mr. and

Will Consider Additional Classes to Light Horses and Poultry Departments—Contract For Auto Races on Saturday.

Letters were sent out yesterday to the directors of the Morgan county fair association calling that body for a special meeting to be held in the chamber of commerce rooms tonight. This meeting will be of unusual importance in as much as final action will be taken on a number of matters that must be disposed of before the fair opens, which will be two weeks from today. The question of additional classes in the light horse department and additional classes in poultry department will be acted upon.

Other matters to come before the board will be the question of a general admission of concession people and helpers. The approval of the entertainment committee proposition of having a colored minstrel show, the approval of the fashion show and electric lighting contracts.

Racing Contracts Closed.

Yesterday contracts were signed with B. F. Davis of Paris, Illinois, who is an experienced auto race promoter, to stage auto races on Saturday, September 2. As the fair closes on Friday, September 1, this means the extension of the fair for one more day. All exhibits and concessions, rides and other entertainments will remain up for this day. Mr. Davis advises that he will have some of the best racers in the country at this meet, many of them having driven in the Indianapolis speedway races this year. There will be several 15-mile races, two 16-mile races and possibly a 20-mile race.

The first horses to train for the coming races arrived Sunday. These are the property of Pendleton & Son of East St. Louis. They are housed in the new barn and were given a workout on the track yesterday. This makes a total of twelve horses that are being worked each day on the track.

The big horse barn is almost completed; the judge's stand is under construction, and the work of building the grandstand will start Wednesday morning. A force of men were engaged Monday in clearing out all brush, burning limbs, cutting weeds, and giving the fair grounds a general overhauling.

MAN SUFFERS FROM FRACTURED SKULL

Henry Scoffer of Pearl Falls from Top of Freight Car—Is Seriously Injured.

Harry Scoffer, a resident of Pearl, was seriously injured in a fall from the top of a moving freight train at White Hall yesterday afternoon. The man was stealing a ride on a freight train and was in some manner thrown off. As he was found to be critically injured he was rushed to Passavant hospital in this city and an examination was made. It was found that the skull was fractured.

The local surgeon in attendance stated last night that the injury was very serious. He is now in an unconscious condition but before going into the coma stated that he was forty years of age and the son of Henry Scoffer of Pearl.

Miss Mary Puhl is Bride of Robert M. Cooper—Both Lived in Franklin Precinct.

The home of Mrs. Mary (Shepherd) Peak, 628 West Ave., Los Angeles, Calif., was the scene of a beautiful wedding when Miss Mary A. Puhl became the bride of Robert M. Cooper at 8:30 P. M. in the presence of thirty relatives and friends.

Mr. Clarence Hasson sang, "All For You," and "Song of the Heart." Then when Lohengrin's Wedding March was being played by Miss Myrtle Shepherd, the bride entered the living room and beneath a huge arch of beau-

tiful flowers the young couple were united by Rev. L. T. Barkman. They were attended by Miss Margaret Puhl of Franklin, Ill., and Mr. Herbert Hillendahl of this city. Little Helen Peak attended as flower girl.

The bride was charmingly attired in a gown of white crepe meteor and carried a shower bouquet of bride's roses. The bride's maids dress was of apricot organdie and she carried a bouquet of baby roses.

Mrs. Cooper is the eldest daughter of Mrs. Elizabeth Puhl finishing the public schools of Morgan County attended Brown's Business College of Jacksonville. She is now employed as bookkeeper in the office of the Samsom Tire and Rubber Corporation of this place.

The groom is the son of Mr. and Mrs. D. M. Cooper of near Jacksonville, Ill., and after receiving his education in the public schools of Morgan County engaged in farming near Franklin, Ill. He now holds a responsible position with the Pacific Electric Company of this city. He is a member of the Franklin I. O. O. F. and Wadley Masonic lodge.

For the past several years both young people have been residents of Los Angeles in which city they will make their new home. They are well known in the Jacksonville community and have a host of friends who wish them happiness and prosperity throughout their wedded life.

Following the ceremony a wedding dinner was served. In the cutting of the bride's cake Miss Margaret Puhl received the ring. Mrs. E. H. Hillendahl the button and Helen Peak the dime.

MANCHESTER PICNIC A FINANCIAL SUCCESS

Goodly Sum Realized From Methodist Picnic—Other Items of Interest From Manchester.

Manchester, Aug. 14.—The picnic given recently by the Manchester Methodist church was a great success financially, and the persons who had charge of the arrangements are consequently feeling well satisfied. This was the first picnic held by the church in twelve years, and the attendance was the largest on record. The total sum taken in was \$906.48, while the expenditures were \$558.88. This leaves a net sum of \$347.60 to be added to the church treasury.

A spirit of hearty co-operation was evident on this occasion, all the churches of the community uniting in making the picnic a success. The Rawlins band of Roodhouse gave an excellent program during the day, and Rev. T. H. Tull of Jacksonville made an interesting address in the afternoon on "Signs."

The tambourine drill by sixteen girls in costume deserves especial mention. Each church was represented in this drill and the girls who participated acquitted themselves in a creditable manner.

Mrs. Clare McQuown and little son Paul spent Saturday and Sunday with relatives in Roodhouse.

The third band concert of the season will be given Tuesday evening, Aug. 15th., at which time the Ladies of the Christian church will serve ice cream in the park.

Mr. and Mrs. S. J. Hauck left Sunday morning for their home in Rochester, Minn., after several weeks' visit with Mrs. Hauck's parents, Mr. and Mrs. A. R. Greenwalt. Mr. Greenwalt returned with them and will make a short visit.

R. P. Petrie returned to his home in New Windsor Thursday after several days' visit with Russell Duncan. Mr. Duncan accompanied him and the trip was made in the Duncan car.

The Worth White Girls of the Baptist Sunday school will serve ice cream in the park Saturday evening, Aug. 19th.

Eugene Rochester, John Thady and Misses Mae and Faye Greenwalt motored to Springfield Sunday.

NOTICE MODERN WOODMEN

All Woodmen of the city are urged to come to the hall at 9:30 a. m. Wednesday, Aug. 16, to attend Woodman picnic at Franklin. All Woodmen invited and plenty of cars for all. A good time guaranteed.

JUDGE JONES' SON

AT HOSPITAL
Norman Jones, Jr., son of Judge Norman Jones of the circuit court, was brought to Our Savior's hospital yesterday suffering with two broken arms. The boy had been playing in the yard and suffered a fall which is responsible for his condition. He is now resting with both arms in casts and is doing as well as could be expected with such an injury.

A. F. SARDINHA WRITES FROM MADERIA ISLANDS

Funchal, Maderia, July 24.

Dear Editor:—
I thought I would write a letter to the Journal while I am visiting on the Island of Maderia, as there may be something I can say about conditions here which will be of interest to the people of Jacksonville, especially to those who know me.

I will try to give you some description of the Island as I see it. The general appearance of the Island is rough, there being many hills and mountains of great height. There are rocky cliffs which start right up from the sea, so rocky that for some very wide spaces there is nothing growing. Then there is the fertile ground, bearing wheat, corn, sweet and Irish potatoes and all kinds of vegetables and fruits.

In the main part of the city there is a beautiful garden or park similar to our Central Park, only much larger. In it are beautiful ornamental trees of all kinds, including many tall palm trees.

There are many large business buildings and also a great number of fine residences, all well kept and with beautiful lawns and flower beds. In the park mentioned there are flowers of every description, and small ornamental bodies of water. The flower beds are protected by wire fences about 15 inches high. There is also a band stand of attractive design and here the band gives a concert twice a week.

There have been many improvements since I was here, including electric lights, and automobiles. There are also numerous modern creameries in different parts of the island.

The streets are for the most part narrow and in many instances curved, but they are paved with small smooth stones which are very hard and durable. Out in the country the roads are in many places steep and rough. Two wheeled carts are used for hauling to some extent, but most of the transportation is by human power. The men carry great burdens on their shoulders and the women and girls are expert at carrying bundles and baskets on their heads. They carry these burdens up roads so steep and rough that it is difficult for one who is not accustomed to them to climb without carrying anything.

I am trying to visit every place of interest and see everything I can while I am here. As soon as I arrived I inquired about G. W. Smart, who is a minister in here. Both Mr. and Mrs. Smart are very fine people. They are English but speak Portuguese fluently. They received me cordially and showed me the mission building through out. The building is large and well arranged and in it various phases of Christian work are carried on. Mr. Smart has two additional helpers. They have preaching services and Bible classes and also teach reading to children who do not know how to read. Then there are certain days when they hold religious services out of town, so that a great work is being done by this man and his helpers.

It was a great delight to me to meet my mother once more. I found her well and still active. She wishes to keep busy about her little home, as she is happiest when she is thus occupied. She was overjoyed at seeing me once more.

I might write of many other things of interest which I have found here but must not occupy too much of your time and space, so will close with best wishes to all in Jacksonville.

Sincerely yours,
A. F. Sardinha.

AN APPRECIATION

The Chautauqua management is to be commended for offering such enjoyable and admirable musical entertainment as that given by the local quartette on Saturday afternoon and evening. Jacksonville is to be congratulated upon being able to furnish a quartette that would be acceptable on any chautauqua platform and we are more than glad to see some of the able musicians who dwell among us become better known, and to a wider public.

FAMILY REUNION AT GREENE COUNTY CHURCH

Members of Baldwin Family Gather In Annual Reunion—Attorney and Mrs. Grant Foreman Return From World Tour—Other White Hall News.

White Hall, Aug. 14.—The Baldwin represent foundation families of this section, and the fourth annual reunion was an occasion of leading import. It was held at Universalist church on Apple Creek Prairie five miles southwest of White Hall and there were forty-five present, including Mrs. Zeno Stocks, Garnett, Kansas; Mr. and Mrs. Roy Stocks and daughter, Betty Jane, Burlington, Kansas; Mr. and Mrs. Ward Black, Plaza, Ill.; Mr. and Mrs. Warren Baldwin and little son, Joe, St. Louis. The program features included piano solos by Richard Shirley, Mabel Louise

Griswold and Mrs. H. W. Shirley, and a piano duet by Misses Edna and Edith Baldwin. There were talks by the visitors, and numerous relatives who could not be present sent letters.

A historic document prepared by John A. Baldwin was read by Mrs. Albert Griswold, from which was gleaned that Benjamin Baldwin brought his family of wife and thirteen children from Ohio in 1859, settling on land which he purchased on Apple Creek Prairie west of White Hall, now known as the farms of Clarence Potts, Meade Baldwin, Miss Ella Moulton and Clark Baldwin. He paid the sum of \$5,000 to Harry Robley for these tracts, which transaction preceded the arrival of his family who were brought here in the same year by Mr. Baldwin on his return to Ohio. He foresaw opportunity in land investment at the price and his was the largest transaction in Greene county up to that time. He and several of his sons became extensively engaged in farming and live stock raising, and Benjamin Baldwin represented Greene county one term in the legislature, having had previous legislative experience thru serving two terms in the Ohio legislature, and he was also in two campaigns in the second war with England in 1812-13. Benjamin Baldwin was emphatically a representative man of that class who follow pioneer and develop the resources of a country, regulate its social and domestic affairs, and thus give vitality to its industrial pursuits. He was a self-made man, and by rare energy, industry and economy succeeded in placing each member of his family in easy and comfortable circumstances, thus becoming an example of what may be accomplished in a land like this, when liberal and democratic principles prevail. At the time of his marriage with Martha Varner in Warren county, Ohio, in 1815, he could scarcely read or

write, and his financial rating was less than one dollar. He reared family of thirteen stout, rugged children in strict obedience and industry, for which they honored him to the grave. He was a strong believer in a Creator and a reward for righteousness in the Beyond. He and his family were believers in the Universal doctrine. About 1864 he built the residence on North Main street, White Hall, now occupied by W. A. Winn, which was moved from the lot where the O. F. Griswold home now stands, and where he died February 6, 1885, at the age of 74 years. His wife died October 10, 1888, at the age of 92 years.

Other News Notes. Attorney and Mrs. Grant Foreman arrived from their world tour of a year, and are spending several days with his father, Dr. A. W. Foreman, before proceeding to Muskogee, Okla. The attorney brought along a fine leather brief case that was made and purchased in London, which is now the property of Attorney W. L. Winn as a gift from Attorney Foreman.

After several ineffectual or unsatisfactory efforts to clear and redress the levee embankment of the Hillview Drainage and Levee District by contract, Louis Lowenstein has put twelve men on the job under his personal direction, and he thinks that a very satisfactory outcome is in prospect. A great deal of such work accumulated as a result of the exceedingly high water washing over the embankment last spring. There is under consideration the installation of two more pumps, one at the southwest corner of the district and the other at the mouth of the ditch leading from the Leonard place.

Ralph Goodrich, of Grafton, was a recent guest of his brother, L. O. Goodrich. He is a native of the Grafton vicinity, and he and his father before him maintained rainfall and river stage records for two generations. He says the family possessed rainfall records as far back as 1836, but that they were destroyed by fire a number of years ago.

Miss Ethel Culbertson of the local telephone exchange, was a week-end guest at the Sluter home in Alton.

Mrs. George Bernes of Greenfield, called on White Hall friends for a few days last week. Mrs. Minnie Pearce has returned from a sojourn of two months at Shreveport, La., with her son, Frank Pierce.

Miss Nelle LaForce left Sunday for Pike county to spend the week, and will then return to Chicago.

Mrs. Laura Pritchett is making quite a protracted stay with her sister, Mrs. A. E. Meisenbach, in St. Louis.

Mrs. Oscar Hatfield and daughter, Miss Isabella, are here from Oklahoma, and her aunts, Mrs. Mrs. S. K. Smith and Mrs. Susie Evans, the former of New Brighton, Penn., and the latter of Denver, will arrive in a week or so. All will then go to St. Louis to visit Joseph W. Carr.

Well Known Farmer Dead. Oscar H. Cooper, one of the well known farmers and dairymen of this section, died at 7:39 Saturday morning in his home on the John Roodhouse farm, immediately south of Roodhouse. He had been in failing health for the past three years, and for a year past his condition had become serious as the result of a complication of diseases, including Bright's disease.

The deceased was a native of Cass county, and was nearly forty-five years of age. For the past sixteen years he resided about White Hall, Roodhouse and Murrayville. At times he was extensively engaged in dairying, and was engaged in general farming and dairying in a more limited way at the time of his death. His wife was formerly Miss Eliza

Witty, daughter of the late Rev. A. J. Witty of Roodhouse, and they were married twenty years ago. She and four children survive, the children being Arley, Miss Dorothy, Miss Alberta and Paul, all at home. The deceased was a member of the West Union Baptist church, west of Murrayville, and of the Roodhouse camp of the M. W. A.

The burial will be in Mt. Olive cemetery near Chandlerville. The railroad situation does not retard the arrival of visitors from a distance with the approach of the coming of the White Hall chautauqua next Sunday. Those just arriving include Mr. and Mrs. John Beatty and son Archie from Hendley, Neb., and Mr. and Mrs. John Willard and son from Sapulpa, Okla.

SOME INTERESTING RELICS

Mrs. Norah Wright at her home on South Main street, has some very interesting articles. She has the portraits of her great grandparents finely executed on satin and others on glass. An old time iron mortar and pestle used to pulverize spices in the early days, and most interesting were a stove-pipe hat and elaborate box for its keeping. The box was straw board, lined with soft cushion and inside had a core in which were kept the brush for polishing the hat. The box was strong and fitted with a heavy strap and staple so that it could be locked. A picture of her father, Mr. Reinbach, when he was young is interesting.

Then one thing that attracted the writer was a fine oil portrait of her late husband, William Henry Wright known far and wide over the country. A picture of Mr. Wright's mother, done in crayon is also a valued article.

BACK FROM THE WEST

Misses Kathryn Hines, Margaret Stranberg and Marguerite Steinmetz have returned from a very enjoyable trip to Colorado. They visited Denver and then Manitou, sealed Pike's Peak and looked down on Colorado Springs seeming like a child's play garden, visited Estes Park, various canyons in one of which they saw clouds and a charming rainbow. They mounted various heights and took in the Cave of the Winds with all its wonders. Williams Canyon, Garden of the Gods and many other attractions and came home enthusiastic over their delightful trip.

CHAPIN

Mr. and Mrs. John Eilers and daughters, the Misses Letitia, Dorothy, Elta and Amela, and Mr. and Mrs. Louis Nienhauser spent Sunday in Arenzville, guests at the birthday celebration of Henry Audenkamp.

The senior class of the high school is preparing a play to be given on the evening of Horse Show day, August 24. Mr. and Mrs. Clifford Zimmerman of Versailles were Sunday guests at the Gustav Onken home.

Among the Sunday visitors to the chautauqua were George Coulson and family, J. Z. Fox and family; Mr. and Mrs. J. L. Alderson, Mr. and Mrs. Henry Vortman, Mr. and Mrs. Monte Funk, Earl Smith, Mr. and Mrs. W. N. Bobitt and family; Walter Williams, Misses Verla Baker and May Fants.

Charles Audenkamp has resumed his duties in the John Eilers store after an absence of a couple of weeks on account of sickness. The newlyweds, Mr. and Mrs. Allen arrived home Friday evening from their automobile tour. They will begin house-keeping at once in a beautiful modern bungalow built and furnished for their home.

WHEAT UNDERWENT
SETBACK IN PRICE
By Associated Press.
CHICAGO, Aug. 14.—Wheat
underwent a setback in price to-
day owing largely to the break-
down of the inter-allied confer-
ence at London. The close was
unsettled 15 to 25c net lower
with September \$1.01 1/2 to \$1.01 1/2
and December \$1.02 to \$1.02 1/2.
Corn finished 1/2c off to 1c up,
oats 1 1/2c to 1c down and pro-
visions varying from unchanged
figures to a setback of 12c.
With Liverpool quotations
showing a heavy decline presu-
ably reflecting the failure of the
allied premiers to reach any
agreement in regard to German
financial affairs the wheat mar-
ket here was weak from the
start. For a while the September
delivery displayed relative sea-
dness as a result of apparent ill
success of efforts to settle the
rail strike, but subsequently un-
der general liquidation Septem-
ber dropped with other months to
a new price record for 1922.

Big arrivals of wheat here had
much to do with the eclipse of
the big bullish influence. En-
largement of the U. S. visible
supply total and of estimates in
regard to India's crop of wheat
with hedging sales at Minneapolis
and Winnipeg counted also as de-
pressing factors.

Little heed was given to 335-
000 bushels decrease in wheat on
ocean passage or to export sales
of 400,000 to 500,000 bushels.
Dry weather complaints from Il-
linois and Nebraska had some
steadying effect on the corn mar-
ket and on oats also, altho oats
like wheat touched lowest quotat-
ions of the year. Provisions
were governed mostly by changes
in the value of hogs.

NEWS OF THE SPORT WORLD

MEETING OF MAJOR LEAGUE OFFICIALS

Discuss Barnstorming by Players in World's Series—Other Matters Also Considered.

CHICAGO, Aug. 14.—Changes in the dates on which major league clubs must cut their rosters to 25 players and on which trading or sales of ball players can be consummated were given unanimous today in an informal discussion at the joint meeting of the National and American Leagues before Commissioner K. M. Landis. No definite action on these matters was taken today it being necessary to give 30 days notice previous to voting officially on the subject, but the unanimous approval of those attending today's session assured the adoption of the changes at the next annual meeting.

William Veck, president of the

Chicago Nationals suggested a change in the players limit date from May 15 to June. He believed this would give a ball club more opportunity to try out its recruits before being compelled to cut its roster to the required limit of 25 players.

Barney Dreyfuss, President of the Pittsburgh Nationals did not approve of buying or selling ball players in mid-season and asked that a change be made. Mr. Dreyfuss was well supported by the other club owners present from both leagues. He suggested that the date on which trades or sales of players could be consummated be changed from August 1 to June 15.

Discuss Barnstorming.
The matter of barnstorming by world's series players was the only official business before the meeting. The rule as set forth in Article 4, Section 8-B, relating to the world's series was approved but it was voted to amend that part touching upon the player and club. As amended a player to participate in an exhibition game will not be granted unless it is accompanied by the written consent of his club. The rule as amended follows:

"Both teams that contest in the world's series are required to disband immediately after its close and the members thereof are forbidden to participate in exhibition games during the year in which the world's championship was decided; provided, however, that the commissioner may grant privilege to individual members of the two on application to participate in such exhibition games on conditions to be prescribed by the commissioner; in no event shall such permission authorize the appearance of more than three members of said teams in any one exhibition game nor shall it be granted unless such player's application shall be accompanied by the written consent of his club."

It was said that several of the club owners brought up the question of the draft, but nothing materialized.

All the clubs in the two major leagues were represented in person except the Philadelphia and Brooklyn Nationals whose proxies were entrusted to William Veck of the Chicago Club. B. J. Johnson, president of the American League held the proxies of the Washington and Philadelphia American League clubs.

D. O. K. K. TEAM TRIMS ARENZVILLE PLAYERS SUNDAY

Second Time Local Club Has Defeated Otherwise Undefeated Aggregation—Score 5 to 4

For the second time this season the local Dokays administered defeat to the strong Arenzville baseball team on the Arenzville diamond yesterday afternoon. The score was 5 to 4.

The contest was closely contested enroute and the outcome uncertain up to the last play. Features of the game was Gillis' two base clout in the eighth inning with two men out and two on bases. The two tallies which the hit scored sewed up the game for the Dokays. Gillis also cut off an Arenzville tally at the plate with a perfect throw from center field catching Batis as he slide in. Hitting honors were even, each side garnering seven.

In the fifth inning the Arenzville boys cut loose with all they had and for a few minutes it looked like the balloon had gone up. They got two earned runs in this inning and were presented with one by the locals on Jones' error and two passed balls.

Next Sunday the Dokays will meet the Virginia team at Virginia. The box score of yesterday's contest:

INDEES DOWN UNION GIANTS SUNDAY 4-3

Take Fast Contest in Game Marked by Much Wrangling—Game Was Pitcher's Battle Between Fryman and ePetrus.

The Indies downed the Union Giants of Springfield at South Side park Sunday afternoon by a score of 4 to 3.

The game was marked by a number of thrills. These were not caused by any brilliant play but rather by the belligerence of the members of both teams. There were several near battles, but fortunately no blood was shed, cool headed players and Umpire Donohue interfering.

We don't know whether or not it was the weather that caused the players to be peeved but whatever it was it spread among the spectators and at times the wrangling in the stands took up the attention of the spectators more than the game.

Aside from these outbursts, both teams put up a good article of ball and each worked hard for victory. The giants got to Fryman for three hits in the second inning which with an error netted two runs.

The visitors remained in the lead until the fourth. The Indies got one run off of Petruss in the third on singles by Denney and Wheeler and the former's stolen base. In the fourth the Indies tied the score. DeFrates singled and stole second and third and scored on Hamm's single.

That was all the scoring until the sixth. Then the Giant's grabbed another run with two down on Poston's single and Bolden's double. The Indies came right back in their half and scored twice. G. Jones messed Clark's grounder. He was sacrificed to second by Christopher. Jones fell down again on DeFrates' roller, Clark taking third. DeFrates stole second. Clark scored on Hamm's sacrifice fly. DeFrates taking third whence he scored on Zell's single. That was all of the scoring.

G. Jones despite his two errors played a brilliant game for the Indies. Bolden made a good catch of Hamm's foul. However, it would have been better had he missed it as Clark scored after the catch, Bolden being unable to recover his balance for the throw to the plate.

For the Indies Fryman fielded his position in fine style and got two of the nine hits. Kohlof's stop of L. Jones' hard hit in the third on which he retired the runner at first was about the best bit of fielding of the locals. DeFrates' base running also featured the Indies' offensive work.

The score:

Win Game Y Score of 12 to 2—Murrayville Praises Umpiring of Homer Doyle of Bluffs.
Murrayville, Aug. 14.—Murrayville, playing one of her poorest games of the season met defeat at the hands of the fast Winchester team, which played in sensational form. Murrayville's errors of commission and omission were numerous. Stolen bases were the feature and also the wildness of both pitchers, it being dangerous to bat. But to offset this both pitchers worked brilliantly at times, Montgomery and Doyle sure having one hard day of work.

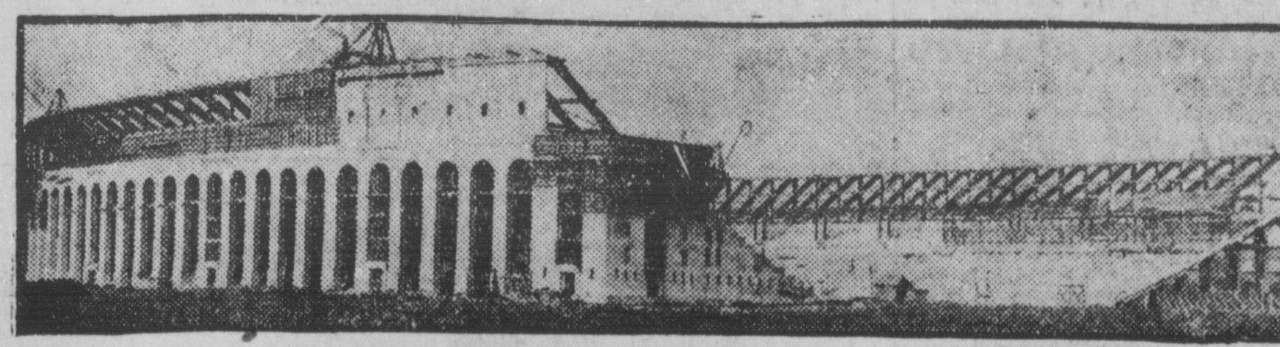

As the writer is a player on the Murrayville team he wishes to say that Homer Doyle of Bluffs umpired one of the best games that he ever has caught in his term of years, and will say that as long as Winchester employs him they should never have any trouble over the umpiring and that is the only way to hold your attendance. And he personally would love to play again at Winchester before the close of the season, as they have a good clean bunch of ball players.

O. S. U. \$1,000,000 STADIUM.

The new stadium of Ohio State University will be the largest, costliest and most complete of any athletic field in the world. Unlike most present day "bowls," it is left open at one end, a horse-shoe shape. Engineers learned this trick of ventilation when they found that the famous "Yale Bowl" was five per cent warmer on the playing field than at the crest of the stadium. Another added feature is the cinder running path provided underneath the stands.

WINCHESTER DEFEATS MURRAYVILLE SUNDAY

Win Game Y Score of 12 to 2—Murrayville Praises Umpiring of Homer Doyle of Bluffs.

Murrayville, Aug. 14.—Murrayville, playing one of her poorest games of the season met defeat at the hands of the fast Winchester team, which played in sensational form. Murrayville's errors of commission and omission were numerous. Stolen bases were the feature and also the wildness of both pitchers, it being dangerous to bat. But to offset this both pitchers worked brilliantly at times, Montgomery and Doyle sure having one hard day of work.

As the writer is a player on the Murrayville team he wishes to say that Homer Doyle of Bluffs umpired one of the best games that he ever has caught in his term of years, and will say that as long as Winchester employs him they should never have any trouble over the umpiring and that is the only way to hold your attendance. And he personally would love to play again at Winchester before the close of the season, as they have a good clean bunch of ball players.

CUBS WON THIRD STRAIGHT FROM CARDS

Heavy Hitting and Poor Fielding in the Early Innings by St. Louis Gave Chicago the Game and Also Outplaced the Pirates From Third Place.

ST. LOUIS, Mo., Aug. 14.—The Cubs won their third consecutive victory from St. Louis 8 to 6 and displaced Pittsburgh from third place. Altho hit hard Alexander was effective with men on bases. Heavy hitting by Chicago and ragged hitting by the Cardinals in the early innings contributed largely to the Cardinals defeat.
